

Dear godparents!

We have changed the system on individual sponsorships to family sponsorships.

Till now you always sponsored one special child in Daddy Home.

Because of this system many problems have arised.

Some Children at Daddy Home had godparents others didn't. The goal of Father Raja, however, is that all children are treated equally and this could not be guaranteed

The money from the foster parents must of course be used for all children.

Since we can not say to a child, you can not go to school because you have no godparents we chose only to provide family sponsorships. We think that is certainly a fair decision for you too.

Nevertheless you will still receive personal mail from a person in the Daddy Home family.

Because of the new system you will not only learn the story of one child, but you will get a versatile impression of the whole Daddy Home family.

Our goal is to find as many people who are willing to donate 25 euros a month to keep the whole Daddy Home family nourishes. We also want to be able to send every child to school.

With the donation we also want to guarantee that every person will have sufficient clothing and that medicine is available when needed.

You have to be the change you want to see in the World!

Thanks for your support.

Change the world through love and commitment

Daddy Home

A home where orphans, former slave and child labor, rape victims, HIV-infected people, AIDS patients, severely abused, victims of violence, children of criminals, the elderly, pregnant HIV-infected people, as well as mentally and physically disabled people can live together as a huge family. A family in which both young and old will find support and assistance and not only the joys of life but also the suffering can be shared.

By becoming a sponsor for the Daddy Home family, you provide for young and old a secure future in Daddy Home.

With 83 cents per day, 25 € monthly or 300 € a year you allow us to provide a safe home, nutritious food, enough clothes, medication when needed and a good education for the children.
